Next VIRTUAL Meeting:

Friday, May 1, 7 p.m. via ZOOM!

See details below!

Letter from the President:

Team DMC -

I hope this note finds you all happy and healthy. Certainly, interesting times we are experiencing! What is most important right now is knowing that you are all incredibly important to our DMC community and we miss seeing you!

In the short term, we have some opportunities to gather safely and still share our passion for the Mustang the community we have built together. I hope you all consider joining one of our community cruises (details below) and stay connected to us via our Zoom club meetings until things subside!

I also want to thank all the folks that were able to make it out on short notice to celebrate our daughter's 21st birthday. She was overcome with emotion and deeply grateful to see so many caring folks wishing her a Happy Birthday. Sandi and I sincerely appreciate it and we can't imagine our lives without all of you!

I'll leave you with a quote from Delani - *"Dad - that was truly amazing! I was incredibly touched by the whole thing. What amazing friends our family has!!"*

Have a great week, I am looking forward to seeing you all Friday!

Mike

Have Additional Questions???

QUESTION: What if I, or someone I know, doesn't have a smartphone/tablet/computer?

Anyone can join a Zoom meet from a simple phone (cell or landline) by making a phone call. This will be sound only (no video), but works seamlessly.

Call: (408) 638-0968 -or- (646) 558-8656

When prompted, enter the 9-digit Meeting ID for the meeting listed above.

May 1 - Meeting ID: 817 7028 0079

Password: 978763

QUESTION: What if my computer does not have a camera or microphone?

You can connect both via computer and phone at the same time.

Connect your computer as above and you will "see" everyone gathered, as well as visuals during the service (they just won't see you.)

Call in as above, simultaneously, and you will hear all the audio, and others will be able to hear you.

Garage Day - May 9th

Creative Distancing...

We are changing how we do Garage Day, given the current state of affairs. This year, we will have to limit how many people are there at the same time.

The team of Ken Smith, Mike Rhynard, Tim Steenson and Mark Gomez will be on-hand from 8am on May 9th. **We are limiting work to oil changes.** If you want your oil changed, please bring your oil, oil filter and any special tools you need.

Please wear a mask and gloves.

We will schedule you to arrive at a specific time. If you are early, we may ask you to wait in your car until we are ready. We can't really hang out etc.

Thanks for your understanding! We are trying to respect the current situation and guidelines.

To get on the oil change list, please email Mark Gomez. He will email you back with an exact time and the address.

Georgetown Cruise - May 30th

This event is TBD at this point, pending approval from Georgetown City Council. As soon as we know, we'll pass the information along via email. Thanks for your patience and flexibility!

DMC Summer Community Cruises

At DMC, we believe that community is critical - both to foster our passion for Mustangs AND for our mental well being. For that reason, the board will be leading small Community Cruises on various weekend days throughout the summer.

Part of this effort will be to do *drive-by honking* to those who could use a little pick-me-up. We have some folks in our DMC family going through a lot and we want them to know that DMC loves and supports them through this difficult time. If you know of anyone in DMC who would appreciate this gesture, please contact Sandi or Mike to get on the list.

The other part of this effort is to just enjoy some scenery. Each cruise will be organized by a different set of board members.

For privacy purposes, the meet-up locations and route will be announced on an RSVP basis only. Please reach out to the appropriate planners for the week you'll be attending and they'll send out meet-up details via email.

May 2 - 10 a.m. planned by Mike and Sandi Rhynard

May 16 - 10 a.m. planned by Smith & Gomez

May 23 - 10 a.m. planned by Tim & Marylee

June 6 - 10 a.m. planned by Rob & Marci

2020 Retro FunRun

Note from Board:

This event is in a holding pattern until we know more about how social distancing may impact the itinerary. Please stay tuned as we hope to have an update by early June.

Hands of the Carpenter

[Hands of the Carpenter](#) makes a difference throughout the year! Please consider joining the DMC for our next volunteer day on June 13. No experience necessary -- just a willingness to get your hands dirty!

We work in teams, starting at 7:45 a.m.

Here are the dates for 2020. Please update your calendar accordingly, and contact [Mark Gomez](#) to sign-up.

Safety Tip

Read on to discover what happens if someone else drives your car and gets into an accident. There are times in life when we need to let someone borrow our car, but we hesitate allowing them to use it because we don't know if we can, or if we should. We often wonder:

- Can my babysitter use my car to drive my kids to the swimming pool?
- Can my brother-in-law or other family member borrow my car for the weekend?
- Can I borrow a car from a friend?
- Will my friend's insurance cover any damages I cause while driving their vehicle?
- Do irregular drivers need to be added to my policy?

At the heart of it, we want to know, "If we give them permission and they get into an accident, is it covered by my insurance? Is it legal for someone to drive my car who is not on my insurance policy?"

"Generally, it's not a problem if they're driving with your consent," says Jeanne Salvatore, Senior Vice President of Public Affairs and consumer spokesperson for the Insurance Information Institute. "If it's an occasional use, say I borrow your car to go pick up milk, and as long as permission has been verbally granted, you'll typically be covered."

But, borrowing a car under other circumstances may not be as clear-cut. It depends on your insurer and your particular insurance policy. For example, coverage rules and regulations may be different if the driver lives in your household and could, or should, be listed as a named insured on your policy, but is not; or, if the driver is listed on your policy as excluded. Those more complicated situations would need to be discussed with your agent and/or claim representative.

Typically, even if the person driving your car has his or her own insurance, your insurance will be the primary payer for damages caused by your vehicle; but, the person driving your car has to be found legally at fault before your insurance will pay. The driver's insurance may cover some personal injury or medical expenses. It may also supplement your insurance coverage, if the cost of damages caused by your vehicle is higher than the amount your policy can pay.

"When you have someone you employ, such as a nanny or a nurse, who will be a regular, additional driver in your household, contact your insurance agent about your policy," Salvatore recommends. "He or she may need to be added to it."

Because the policy terms and state laws can vary widely, always contact your

insurance agent before loaning out your car, or other motor vehicle, such as: a motorcycle, boat, personal watercraft, snowmobile, ATV, or RV.

"Anytime you have a question about your policy, call your insurance agent first," says Salvatore. "You always want to let the insurance company know the circumstances. Get their advice."

As with anything else, use good judgment and common sense. Make sure you are fully aware of the liability you may be opening yourself, and your auto policy, up to before handing over your keys. "Don't be cavalier about lending your car," adds Salvatore. "If you know someone isn't a good driver, think twice about giving your permission. Any crash they're in could go on your insurance record."

Hopefully these tips will help you make the best decision possible when it comes to allowing others to drive your vehicle. Stay safe out there!
